this is the first bibliography that focuses on the legal research conducted on albanian history of law it is also a tribute to the generations of researchers to whom we owe the decades long research and collection of albanian customary law on both domestic and foreign legal systems applicable in albanian lands during the roman byzantine and the ottoman occupation and later on the transformations that occurred under the independent albanian state and its different forms of regimes each publication included in this book comes with a short summary and directions on how to locate it making it very practical for readers to find exactly what they need

although originally it started with the aim of helping researchers of law and jurists due to the nature of the publications it contains this book also has valuable resources for researchers of various disciplines from social anthropologists to philosophers historians and even the general public who wants to know more about the evolution of law throughout albanian territories

scientific essay from the year 2011 in the subject law criminal process criminology law enforcement language english abstract murder is a penal act that erases all life functions of the person it is the most serious crime committed against this inalienable and essential right traditional albanian law that is identified with canon and mainly with canon of leka it s very important to be treated in relation with murder in this project i will treat the aggravated murder topic based on three main canons applied throughout albanian areas as canon of leke dukagjini north canon of skenderbeu mid and canon of laberia south of albanian populated areas the vast importance to treat aggravated murders based on canon stands that often is rumored that it is reacted based on canon but the truth is different often people for their benefits often financial benefit often called upon respecting the moral manhood of their family and relatives and respecting the rules of the canon they have misused the norms rules of the canon and adopt it to their needs the canons have harshly condemned the murder as the institution for the blood revenge against the perpetrator his family and relatives existed at the same time was established the institute for forgiveness as a solid ground for murder prevention and as a solution to stop the revenge that could last forever and for generations i believe that this modest seminar will be beneficial to those dealing with different legal social and other fields of the studies
