excerpt from accounting practice the idea prevalent some years ago that an accountant was simply a bookkeeper out of a job has long since been dispelled to day the business has attained a high standard as a profession to check a set of books and simply verify the clerical accuracy of the work is not auditing in the true sense of the word there are methods requiring little work which make such checking unnecessary the accountant while he understands bookkeeping is more than a bookkeeper he must be capable of dealing with the difficult problems of business and he must know how to interpret the intricacies of affairs so that a layman can comprehend and be guided by his observations the accountant must know theory in order properly to understand his business but a man able and proficient in theory is not necessarily a competent accountant he must acquire practice by actual experience in order to develop ability as an accountant for it is the art of applying theory in practice which makes the theory valuable in the natural order of things we learn from the experience of others and the advantage each generation has over the preceding one lies in the knowledge gained by the experience of the preceding generation the business of accounting has developed so rapidly that the reference books essential to the business as a profession have not kept pace consequently the books available are not on a par with the reference books of other professions for many years it has been the duty of the author to supervise the work of others and during his experience he made notes of the best methods under his observation these notes have been valuable for reference and the many requests from prominent accountants for access to the notes have influenced the author to publish them the language is simple telling how to do certain lines of work so as to lead directly to the desired results and avoid repetition about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

excerpt from accounting practice the idea prevalent some years ago that an accountant was simply a bookkeeper out of a job has long since been dispelled to day the business has attained a high standard as a profession to check a set of books and simply verify the clerical accuracy of the work is not auditing in the true sense of the word there are methods requiring little work which make such checking unnecessary the accountant while he understands bookkeeping is more than a bookkeeper he must be capable of dealing with the difficult problems of business and he must know how to interpret the intricacies of affairs so that a layman can

comprehend and be guided by his observations the accountant must know theory in order properly to understand his business but a man able and proficient in theory is not necessarily a competent accountant he must acquire practice by actual experience in order to develop ability as an accountant for it is the art of applying theory in practice which makes the theory valuable in the natural order of things we learn from the experience of others and the advantage each generation has over the preceding one lies in the knowledge gained by the experience of the preceding generation the business of accounting has developed so rapidly that the reference books essential to the business as a profession have not kept pace consequently the books available are not on a par with the reference books of other professions for many years it has been the duty of the author to supervise the work of others and during his experience he made notes of the best methods under his observation these notes have been valuable for reference and the many requests from prominent accountants for access to the notes have influenced the author to publish them about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
